

38 McQuillen Street, Tully, QLD, Casswary Coast, 4854

Renovate and reap the rewards.....

Bring along a little foresight and some elbow grease and you can't go wrong with this highset dwelling on a larger than average 1004m2 corner block with 3 bedrooms, 2 living areas and separate kitchen, bathroom & toilet with laundry and parking spaces under the house. Freshly painted, internal tongue & groove walls & ceilings feature in the main areas of the house along with vintage timber fretwork separating the 2 living areas. The elevation of the home allows for coolness during Summer as well as views across the town towards Mt McKay. Location adds volumes to the resale value of the property due to the extremely close proximity of schools, pool, gym and town centre. Looking for a project and an investment? Give Sharon a call on 0438 688 128.
